SA School Activities
This year we recruited ten new high schools to take part in the SALSA program, bringing the total number of schools in 2015 to 21. We will be evaluating the SALSA program at 12 of these schools this year.

To date, 17 Peer Leader workshops have been held in schools, with over 450 Year 10 students trained as SALSA Peer Leaders. The final four will be conducted in Term 3.

Baseline evaluations for 1,342 Year 8 students and 296 Year 10 Peer Leaders have been completed at 11 schools. Follow up evaluations are planned to commence next month.

SALSA Resources
The SALSA Peer Leaders’ manual has been updated and a new SALSA workbook has been produced. The workbook will be used for Year 8 students in the SALSA lessons and will assist in conveying SALSA messages to families.

SALSA Evaluation Update
Analysis of the 2014 SALSA program evaluation data is well underway. We are preparing a summary of results for each school that participated in 2014.

We are working on a cost evaluation of the SALSA program, based on the process of implementing the SALSA program in 13 high schools last year.

New Staff
Rebecca Venchiarutti, joined the SALSA team as the new Evaluation Officer, to replace Vanessa Shrewsbury who will be on maternity leave starting in September.
Working with GPs
A GP and Allied Health Practitioner SALSA training workshop is scheduled for Saturday 8th August at WentWest Learning Centre. The workshop will attract 40 Category 1 Continuing Medical Education points by the Royal Australian College of General Practitioners.

Reaching out to families
A “health snippet” with a healthy recipe has been circulated to the SALSA schools. Schools are encouraged to include the snippet in their newsletters and/or post it on their Facebook pages. Schools will receive one snippet per term.

Extension Projects
In partnership with the SALSA program, the Centre for Population Health is trialling a range of strategies in school canteens to promote healthier food and drink choices. These include pricing and point-of-sale strategies, a healthy express line.

Advisory Committee
The SALSA Advisory Committee has met twice this year. The remaining meetings will be held in August and November.

SALSA International
The SALSA program was recognised by the United Nations Inter-Agency Technical Task Team on Young People. “Documentation of good practice in adolescent and youth programs in the MENA (Middle East and the North Africa) region and globally in 5 areas: civic engagement, skills development, resilience building, health and other (entrepreneurship, social skills)”.

Australian Medical Association (AMA) Award Winner
We are very proud to announce that the SALSA Director, Associate Professor Smita Shah has won this year’s “AMA Excellence in Health Care Award, for significant contribution to improving health care in Australia”.

A huge thank you to all our schools, SALSA Peer Leaders, Educators, Advisory Committee members, the Blacktown and Mt Druitt General Practice Associations, WentWest, The University of Sydney and WSLHD for your valuable and ongoing contributions to the SALSA program. Special thank you to Drs Karen Byth and Alison Hayes for their guidance with evaluation.
